In September 2015, "Sustainable Development Goals (SDGs)" were adopted by the United Nations in order to realize the sustainable society "leave no one behind", and efforts to address social issues on a global scale have are expected, and the situation related to CSR has changed dramatically.

Sumitomo Riko Company Limited (SRK) and its group companies (ref. SUMIRIKO) recognize that contributing to the sustainable development of society through corporate social responsibility (CSR) initiatives is an essential management issue in order for a company to achieve sustainable development.

For the promotion of CSR management, the CSR Committee was formed in 2005, chaired by the President, with titled Executive Officers as committee members, meets three times a year and reports its outcomes to the Board of Directors twice a year.

The CSR Committee has six subcommittees, namely the Safety and Health Committee, Environment Committee, Compliance Committee, Social Contributions Committee, Diversity Committee, and Supply Chain Committee (the Quality Committee was made independent of the CSR Committee in April 2020). The CSR Committee approves the action policies of these six subcommittees and checks and follows up on the progress of their activities. In addition, the Committee manages the non-financial objectives and monitoring items set out in the Mid Term Vision.

This Corporate Social Responsibility (CSR) Policy describes our focus areas and voluntary self-commitment to fulfill the necessary measures in these areas and in compliant with the following guidelines and policies of Sumitomo Riko Group (SRK).
